Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Superiorland Library Cooperative (the Cooperative), as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the Cooperative's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Cooperative, as of September 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Cooperative and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note K to the financial statements, in fiscal year 2025, the Cooperative adopted new accounting guidance, GASB Statement No. 101, Compensated Absences. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the

Cooperative's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cooperative's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Cooperative's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and other required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with

auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Cooperative's basic financial statements. The accompanying other supplemental information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 26, 2026, on our consideration of the Cooperative's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Cooperative's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Cooperative's internal control over financial reporting and compliance.

Superiorland Library Cooperative

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

Our discussion and analysis of the Superiorland Library Cooperative's (the Cooperative) financial performance provides an overview of the Cooperative's financial activities for the year ended September 30, 2025. Please read it in conjunction with the financial statements, which begin as listed in the Table of Contents.

FINANCIAL HIGHLIGHTS

- Net position for the Cooperative as a whole was reported at \$890,324. Net position is comprised of 100% governmental activities. This represents an increase of \$44,002 from prior year when net position was reported at \$846,322.
- During the year, the Cooperative's total expenses were \$963,248, while revenues from all sources totaled \$1,007,250 resulting in an increase in net position of \$44,002.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (as listed in the table of contents) provide information about the activities of the Cooperative as a whole and present a longer-term view of the Cooperative's finances.

Reporting the Cooperative as a Whole

One of the most important questions asked about the Cooperative's finances is "Is the Cooperative as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the Cooperative as a whole and about its activities in a way that helps answer this question. These statements include *all* assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the *accrual basis of accounting*, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the Cooperative's *net position* and changes in them. You can think of the Cooperative's net position - the difference between assets/deferred outflows of resources and liabilities/deferred inflows of resources - as one way to measure the Cooperative's financial health, or *financial position*. Over time, *increases or decreases* in the Cooperative's net position are one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the Cooperative's operating base and the condition of the Cooperative's capital assets, to assess the *overall financial health* of the Cooperative.

In the Statement of Net Position and the Statement of Activities, we report all of the Cooperative's activities as governmental activities. Federal and State grants along with contracted revenues finance most of these activities.

Reporting the Cooperative's Most Significant Funds

The Cooperative only reports one fund which is the General Fund. The fund financial statements are reported in combination with the government-wide financial statements as listed in the Table of Contents. The General Fund, a governmental fund, is reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily converted into cash. The governmental fund statements provide a detailed short-term view of the Cooperative's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Cooperative's program.

MANAGEMENT’S DISCUSSION AND ANALYSIS (UNAUDITED) (Continued)

We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and Statement of Activities) and governmental funds in reconciliations which follows each of the Statement of Net Position and Statement of Activities.

Superiorland Library Cooperative as a Whole

Table 1 provides a summary of the Cooperative’s net position as of September 30, 2025 and 2024.

**Table 1
Statement of Net Position**

	2025	2024
Current and other assets	\$944,342	\$756,914
Capital assets, net	316,356	327,428
Total Assets	<u>1,260,698</u>	<u>1,084,342</u>
Deferred outflows of resources	104,471	102,552
Current liabilities	267,976	81,949
Non-current liabilities	206,869	258,623
Total Liabilities	<u>474,845</u>	<u>340,572</u>
Deferred inflows of resources	-	-
Net Position:		
Net investment in capital assets	316,356	327,428
Restricted	73,836	78,704
Unrestricted	500,132	440,190
Total Net Position	<u>\$890,324</u>	<u>\$846,322</u>

Net Position of the Cooperative’s governmental activities stood at \$890,324. Unrestricted net position — the part of net position that could be used to finance day-to-day activities stood at \$500,132.

The \$500,132 in unrestricted net position represents the accumulated results of all past years’ operations. The results of this year’s operations for the Cooperative as a whole are reported in the Changes of Activities (see Table 2), which shows the changes in net position for fiscal years 2025 and 2024.

**Table 2
Statement of Activities**

	2025	2024
Program Revenues:		
Charges for services	\$389,535	\$411,195
Operating grants and contributions	183,002	173,334
General Revenues:		
Sources not restricted to specific program	414,606	395,151
Interest income	20,107	21,043
Miscellaneous	-	241
Total Revenues	<u>1,007,250</u>	<u>1,000,964</u>

MANAGEMENT’S DISCUSSION AND ANALYSIS (UNAUDITED) (Continued)

**Table 2
Statement of Activities (Continued)**

	2025	2024
Program Expenses:		
Library services	\$963,248	\$988,438
	-	1,601
Total Expenses	<u>963,248</u>	<u>990,039</u>
Change in net position	44,002	10,925
Net Position, beginning	846,322	835,397
Net Position, Ending	<u>\$890,324</u>	<u>\$846,322</u>

The Cooperative’s total revenues were \$1,007,250. The total cost of all programs and services was \$963,248 resulting in a change in net position of \$44,002 as a result of fiscal year 2025 operations. The overall change in net position of \$44,002 is attributable to the following:

- Governmental fund change in fund balance of \$1,401
- Depreciation expense of (\$15,473)
- Capital outlays of \$4,401
- Loss on disposal of capital assets of \$-0-
- Change in net pension liability and related of \$56,944
- Change in compensated absences of (\$3,271)

SUPERIORLAND LIBRARY COOPERATIVE’S FUNDS

As the Cooperative completed the year, its General Fund (the only governmental fund) reported a fund balance of \$676,366 with an increase of \$1,401 from the beginning of the year. The actual fund balance increase was more than the projected decrease of \$26,069 due to a reduction of expected expenses in some budget line items, and an increase in state grants during the fiscal year.

General Fund Budgetary Highlights

The Cooperative’s Board adopted the fiscal year 2025 general fund budget in September 2024 and the budget was amended as required throughout the year. The final projected revenues were \$1,035,488 and projected expenditures were \$1,061,557, resulting in an anticipated decrease in the fund balance of \$26,069. The actual change in fund balance for the year was \$1,401.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

Table 3 provides a summary of the Cooperative’s capital assets as of September 30, 2025 and 2024.

**Table 3
Capital Assets at Year-End
(Net of Accumulated Depreciation)**

	2025	2024
Land	\$49,000	\$49,000
Buildings and improvements	253,887	260,681
Furniture and fixtures	13,469	17,747
Capital Assets (Net)	<u>\$316,356</u>	<u>\$327,428</u>

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED) (Continued)

During the year, the Cooperative had additions of a server and no disposals. Depreciation charged to expense was \$15,473. Further details on capital assets can be found in the notes to the financial statements.

Debt

The Cooperative had no outstanding debt at year end.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS

In preparing the budget for next year, the Board anticipates conditions to remain the same for FY 2025/2026 as they were for FY 2024/2025 with some minor changes.

CONTACTING THE COOPERATIVE FINANCIAL MANAGEMENT

This financial report is designated to provide our customers, investors and creditors with a general overview of the Cooperative's finances and to show the Cooperative's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Cooperative Administrator at Superiorland Library Cooperative, 1615 Presque Isle Avenue, Marquette, Michigan 49855.

Superiorland Library Cooperative

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION

September 30, 2025

Total Fund Balances for Governmental Funds \$ 676,366

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.

	\$	426,234	
Cost of capital assets			
Accumulated depreciation		(109,878)	316,356

Net pension liability, and related deferred (outflows)/inflows of resources, is not due and payable in the current period and is not reported in the funds.

Net pension liability	178,321		
Deferred (outflows) of resources related to net pension liability	(33,334)		
Employer contributions subsequent to measurement date	(71,137)		
Deferred inflows of resources related to net pension liability	-		(73,850)

Long-term liabilities are not due and payable in the current period and are not reported in the funds. Long-term liabilities at year-end consist of accrued paid time off.

(28,548)

NET POSITION OF GOVERNMENTAL ACTIVITIES

\$ 890,324

The accompanying notes to financial statements are an integral part of this statement.

Superiorland Library Cooperative

STATEMENT OF ACTIVITIES AND
GOVERNMENTAL FUNDS REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCE

For the Year Ended September 30, 2025

	General Fund	Adjustments	Statement of Activities
EXPENDITURES/EXPENSES:			
Library services	\$ 1,001,448	\$ (38,200)	\$ 963,248
Capital outlay	4,401	(4,401)	-
Loss on disposal of assets	-	-	-
TOTAL EXPENDITURES/EXPENSES	1,005,849	(42,601)	963,248
PROGRAM REVENUES:			
Charges for services	389,535	-	389,535
Operating grants and contributions	183,002	-	183,002
TOTAL PROGRAM REVENUES	572,537	-	572,537
NET PROGRAM EXPENSE			390,711
GENERAL REVENUES:			
State grants - unrestricted	414,606	-	414,606
Interest income	20,107	-	20,107
Miscellaneous	-	-	-
TOTAL GENERAL REVENUES	434,713	-	434,713
EXCESS OF REVENUES OVER EXPENDITURES	1,401	(1,401)	
CHANGE IN NET POSITION		44,002	44,002
FUND BALANCE/NET POSITION:			
Beginning of year	674,965		846,322
END OF THE YEAR	\$ 676,366		\$ 890,324

Superiorland Library Cooperative

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCE TO THE STATEMENT OF ACTIVITIES

For the Year Ended September 30, 2025

Net Change in Fund Balances - Total Governmental Funds \$ 1,401

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

	Depreciation expense	\$ (15,473)	
	Capital outlays	4,401	
	Loss on disposal of assets	<u>-</u>	(11,072)

Net pension liability reported in the statement of activities does not require the use of current resources, and therefore, is not reported in the fund statements until it is due for payment.

56,944

Some expenses reported in the Statement of Activities, such as compensated absences, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

(3,271)

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES

\$ 44,002

The accompanying notes to financial statements are an integral part of this statement.

SUPERIORLAND LIBRARY COOPERATIVE

NOTES TO FINANCIAL STATEMENTS

September 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The operations of the Superiorland Library Cooperative (the Cooperative) are accounted for with a separate set of self-balancing accounts. The accounting policies of the Cooperative conform to generally accepted accounting principles as applicable to governments and the following is a summary of the more significant policies:

BASIS OF PRESENTATION

The Cooperative adopted Governmental Accounting Standards Board (GASB) Statement No. 34, which substantially revised the financial statement presentation as described below.

Government-Wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the Cooperative as a whole. They include all governmental activities which are generally financed through State sources, charges for services, and other revenues. Equity is classified as net position and displayed in three components – net investment in capital assets, restricted, and unrestricted.

Fund Financial Statements

The accounts of the Cooperative are organized on the basis of funds. The operations of the Cooperative's only fund, the General Fund, are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures. The General Fund is a governmental fund and it is used to account for all financial resources of the Cooperative.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, the governmental activities are presented using the economic resource measurement focus as defined in item (b) below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate:

- a. The General Fund governmental fund utilizes a "current financial resources" measurement focus. Only current financial assets, deferred outflows of resources, liabilities, and deferred inflows of resources are generally included on the balance sheet. The operating statement presents sources and uses of available spendable financial resources during a given period. This fund uses fund balance as its measure of available spendable resources at the end of the period.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

- b. The government-wide statements utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position and cash flows. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources, whether current or noncurrent, associated with their activities are reported. Government –wide fund equity is classified as net position.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, or economic asset used. Revenues, expenses, gains, losses, assets and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when “measurable and available.” Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. Expenditures, including capital outlay, are generally recognized when the related fund liability is incurred.

OTHER SIGNIFICANT ACCOUNTING POLICIES

Cash and Equivalents - The Cooperative’s cash and cash equivalents as reported in the Statement of Net Position are considered to be cash on hand, demand deposits and short-term investments with maturities of three months or less. The fair value measurement of investments is based on the hierarchy established by generally accepted accounting principles, which has three levels based on the valuation inputs used to measure an asset’s fair value.

Capital Assets - The accounting and reporting treatment applied to capital assets associated with a fund are determined by its measurement focus. In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

In the government-wide financial statements, all capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated fair value on the date donated. The Cooperative defines capital assets as assets with an initial, individual cost of more than \$1,000.

Depreciation of all exhaustible capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets’ estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings	50 years
Building improvements	5 – 15 years
Furniture and fixtures	3 – 20 years

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

The cost of normal maintenance and repairs is charged to operations as incurred. Renewals and betterments are capitalized and depreciated over the remaining useful lives of the related properties.

Deferred Outflows of Resources - In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Cooperative reports the following in this category:

The Cooperative reports deferred outflows of resources for change in expected and actual investment returns, assumptions, and benefits provided in its pension plan.

The Cooperative's Pension Plan has a plan year of January 1 to December 31 while the Cooperative has a fiscal year of October 1 to September 30. Under GASB 71, the contributions made to the plan subsequent to the measurement date are reported as deferred outflows of resources.

Compensated Absences - The Cooperative's policies regarding compensated absences permits employees to accumulate earned but unused personal time off. The liability for these compensated absences is recorded as long-term debt in the government-wide statements. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources.

Deferred Inflows of Resources - In addition to liabilities, the statement of net position and governmental funds balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Cooperative reports the following in this category:

The Cooperative reports deferred inflows of resources for change in expected and actual investment returns, assumptions, and benefits provided in its pension plan.

Revenues - In the government-wide Statement of Activities, revenues are segregated by activity and are classified as either program revenue or general revenue. Program revenues include charges to customers or applicants for goods or services, operating grants and contributions and capital grants and contributions. General revenues include all revenues, which do not meet the criteria of program revenues and include revenues such as State funding and interest earnings.

In the governmental fund statements, revenues are reported by source, such as federal sources, state sources and charges for services. Revenues consist of general purpose revenues and restricted revenues. General purpose revenues are available to fund any activity reported in that fund, while restricted revenues are available for a specific purpose or activity and the restrictions are typically required by law or a grantor agency. When both general purpose and restricted revenues are available for use, it is the Cooperative's policy to use the restricted resources first.

Expenses/Expenditures - In the government-wide Statement of Activities, expenses are segregated by activity and are classified by function. In the governmental fund statements, expenditures are classified by character such as current operations and capital outlay.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Defined Benefit Pension Plan – For purposes of measuring the Net Pension Liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Municipal Employees Retirement System (MERS) of Michigan and additions to/deductions from MERS' fiduciary net position have been determined on the same basis as they are reported by MERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets, deferred outflows of resources, liabilities, and deferred inflows of resources at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events - Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through March 26, 2026, which is the date of the accompanying Independent Auditor's Report, which is the date the financial statements were available to be issued.

NOTE B – DEPOSITS AND INVESTMENTS:

The Cooperative's cash and equivalents, as reported in the Statement of Net Position, consisted of the following:

Cash and cash equivalents:	
Unrestricted	\$822,432
Restricted	-
Total	<u>\$822,432</u>

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Cooperative's deposits may not be returned to it. State law does not require, and the Cooperative does not have, a deposit policy for custodial credit risk. The carrying amount of the Cooperative's deposits with financial institutions was \$822,432 and the bank balance was \$837,358. Of the bank balance, \$342,392 or approximately 41% was covered by federal depository insurance according to FDIC regulations. The bank balance is categorized as follows:

Amount insured by the FDIC	\$342,392
Amount collateralized	-
Amount uncollateralized and uninsured	<u>494,966</u>
Total	<u>\$837,358</u>

Investments

Investments, including derivative instruments that are not hedging derivatives, are measured at fair value on a recurring basis. *Recurring* fair value measurements are those that Governmental Accounting Standards Board (GASB) Statements require or permit in the statement of net position at the end of each reporting period. Fair value measurements are categorized based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active

NOTE B – DEPOSITS AND INVESTMENTS (Continued):

markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. As of September 30, 2025, the Cooperative had no investments.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the Cooperative's investments. The Cooperative does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Risk

Michigan statutes (Act 196, PA 1997) authorize the Cooperative to invest in bonds, other direct obligations and repurchase agreements of the United States, certificates of deposits, savings accounts, deposit accounts or receipts of a bank which is a member of the FDIC and authorized to operate in this state, commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and matures within 270 days from date of purchase, bankers' acceptances of the United States banks, obligations of the State of Michigan and its political subdivisions, external investment pools, and certain mutual funds. Michigan law prohibits security in the form of collateral, surety bond, or another form for the deposit of public money.

The Cooperative has no investment policy that would further limit its investment choices.

NOTE C – CAPITAL ASSETS:

Capital asset activity for the year ended September 30, 2025 is as follows:

	Balance 9/30/2024	Additions	Disposals	Balance 9/30/2025
Asset Cost:				
Land	\$49,000	\$-	\$-	\$49,000
Buildings and improvements	294,398	-	-	294,398
Furniture and fixtures	78,435	4,401	-	82,836
Total Asset Cost	<u>421,833</u>	<u>4,401</u>	<u>-</u>	<u>426,234</u>
Accumulated Depreciation:				
Buildings and improvements	(33,717)	(6,794)	-	(40,511)
Furniture and fixtures	(60,688)	(8,679)	-	(69,367)
Total Accumulated Depreciation	<u>(94,405)</u>	<u>(15,473)</u>	<u>-</u>	<u>(109,878)</u>
Net Capital Assets	<u>\$327,428</u>	<u>(\$11,072)</u>	<u>-</u>	<u>\$316,356</u>

Depreciation expense charged to governmental activities was \$15,473.

NOTE D – ACCRUED PAID TIME OFF:

The entity records on the government-wide Statement of Net Position the accrued liability arising from accumulated vested personal time off and vacation leave which is payable to entity employees when they separate from employment. The Board of Directors adopted a revised personnel policy manual on 3/12/2025. Under the new policies, leave designated as personal time off was frozen and will no longer accrue.

NOTE D – ACCRUED PAID TIME OFF (Continued):

Employees hired before 3/12/2025 are eligible for compensation at separation for up to 50% of their accumulated personal time off; the compensation scale is based on years of service with the Cooperative. For employees with less than 8 years of service, personal time off payable upon separation ranges from 10% - 40%, depending on the number of years of service.

Beginning 3/12/2025, all employees are eligible at separation for unused accrued vacation leave. Employees hired before 3/12/2025 are eligible to be compensated for up to two years of accrued vacation leave and employees hired after 3/12/2025 are eligible to be compensated for up to one year of vacation leave. Vacation accrual is based on years of service with the Cooperative.

Beginning 3/12/2025, employees may accrue up to 70 hours of sick time, however, there is no payout at termination.

As recorded under GASBS No. 101, the accumulated personal time off payable is as follows:

	Balance 9/30/2024	Additions	Disposals	Balance 9/30/2025	Due within One Year
Paid Time Off:					
Personal time off	\$2,944	\$1,428	\$-	\$4,372	\$-
Vacation	22,333	-	(174)	22,159	8,893
Sick Time	-	2,017	-	2,017	987
Total Paid Time Off	<u>\$25,277</u>	<u>\$3,445</u>	<u>(\$174)</u>	<u>\$28,548</u>	<u>\$9,880</u>

NOTE E – FUND BALANCES – GOVERNMENTAL FUNDS:

Fund balances of the governmental funds are classified as follows:

Non-spendable — amounts that cannot be spent either because they are in non-spendable form or because they are legally or contractually required to be maintained intact.

Restricted — amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed — amounts that can be used only for specific purposes determined by a formal action of the Board of Directors. The Board of Directors is the highest level of decision-making authority for the Cooperative. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board of Directors.

Assigned — amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the Cooperatives adopted policy, only the Board of Directors may assign amounts for specific purposes.

Unassigned — all other spendable amounts.

NOTE E – FUND BALANCES – GOVERNMENTAL FUNDS (Continued):

As of September 30, 2025, fund balances are composed of the following:

Non-spendable:	
Prepaid expenses	\$47,835
Restricted:	
Lilja Memorial Library Fund	26,001
Assigned:	
Paid time off	28,548
Unassigned	573,982
Total Fund Balances	<u>\$676,366</u>

The Board of Directors establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget document as a designation or commitment of the fund. Assigned fund balance is established by the Board of Directors through adoption or amendment of the budget as intended for specific purpose.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Cooperative considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the Cooperative considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the Board of Directors has provided otherwise in its commitment or assignment actions.

NOTE F – DEFINED BENEFIT PENSION PLAN:

General Information about the Pension Plan:

Plan Description

The employer’s defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. The employer participates in the Municipal Employees Retirement System (MERS) of Michigan. MERS is an agent multiple-employer, statewide public employee pension plan established by the Michigan Legislature under Public Act 135 of 1945 and administered by a nine member Retirement Board. MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the MERS website at www.mersofmich.com.

Benefits Provided

	<u>2024 Valuation</u>
General: Closed to New Hires	
Benefit Multiplier:	2.00% Multiplier (no max)
Normal Retirement Age:	60
Vesting:	8 years
Early Retirement (Unreduced):	55/25
Early Retirement (Reduced):	50/25, 55/15
Final Average Compensation:	5 years
COLA for Future Retirees:	2.50% (Non-Compound)
Employee Contributions:	4.70%
DC Plan for New Hires:	6/1/2018
Act 88:	No

NOTE F – DEFINED BENEFIT PENSION PLAN (Continued):

Employees covered by benefit terms

At the December 31, 2024 valuation date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	4
Inactive employees entitled to but not yet receiving benefits	1
Active employees	-
Total	<u>5</u>

Contributions

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by the MERS Retirement Board. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer may establish contribution rates to be paid by its covered employees.

The contribution rates as a percentage of payroll as of December 31, 2024, valuation are as follows:

<u>Division:</u>	<u>Employer</u>	<u>Employee</u>
General	\$4,631/month	4.70%

Net Pension Liability

The employer's Net Pension Liability was measured as of December 31, 2024, and the total pension liability used to calculate the Net Pension Liability was determined by an annual actuarial valuation as of that date.

Actuarial assumptions

The total pension liability in the December 31, 2024 annual actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation: 2.5%

Salary Increases: 3.00% plus merit and longevity, 3.00% in the long term

Investment Rate of Return: 6.93%, net of investment and administrative expense, including inflation

Mortality rates used were based on a version of Pub-2010 and fully generational MP-2019.

The actuarial assumptions used in valuation were based on the results of the most recent actuarial experience study of 2019-2023.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns net of investment and administrative expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

NOTE F – DEFINED BENEFIT PENSION PLAN (Continued):

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	60.0%	4.50%
Global Fixed Income	20.0%	2.00%
Private Investments	20.0%	7.00%
Total	100.00%	

Discount rate

The discount rate used to measure the total pension liability is 7.18%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in Net Pension Liability

	Calculating the Net Pension Liability		
	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Pension (b)	Net Pension Liability (a)-(b)
Changes in Net Pension Liability			
Balances as of 12/31/2023	\$1,104,076	\$870,730	\$233,346
Changes for the Year:			
Service Costs	-	-	-
Interest on Total Pension Liability	75,917	-	75,917
Changes in benefits	-	-	-
Difference between expected and actual experience	9,640	-	9,640
Changes in assumption	(7,416)	-	(7,416)
Employer Contributions	-	71,277	(71,277)
Employee Contributions	-	-	-
Net investment Income	-	63,807	(63,807)
Benefit payments, including employee refunds	(93,485)	(93,485)	-
Administrative expense	-	(1,918)	1,918
Other changes	-	-	-
Net Changes	(15,344)	39,681	(55,025)
Balances as of 12/31/2024	\$1,088,732	\$910,411	\$178,321

NOTE F – DEFINED BENEFIT PENSION PLAN (Continued):

Sensitivity of the Net Pension Liability to changes in the discount rate

The following presents the Net Pension Liability of the employer, calculated using the discount rate of 7.18%, as well as what the employer’s Net Pension Liability would be using a discount rate that is 1 percentage point lower (6.18%) or 1% higher (8.18%) than the current rate.

	1% Decrease 6.18%	Current Discount Rate (7.18%)	1% Increase 8.18%
Net Pension Liability at 12/31/2024	\$178,321	\$178,321	\$178,321
Change in Net Pension Liability	91,295	-	(79,633)
	<u>\$269,616</u>	<u>\$178,321</u>	<u>\$98,688</u>

Note: The current discount rate shown for GASB 68 purposes is higher than the MERS assumed rate of return. This is because for GASB purposes, the discount rate must be gross of administrative expenses, whereas for funding purposes, it is net of administrative expenses.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2025, the employer recognized pension expense/(benefit) of (\$53,151). The employer reported deferred outflows and inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred (Inflows) of Resources
Differences in experience	\$-	\$-
Differences in assumptions	-	-
(Excess) Deficit Investment Returns	33,334	-
Subtotal	<u>33,334</u>	<u>-</u>
Contributions subsequent to the measurement date*	71,137	
Total	<u>\$104,471</u>	

*The amount reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the Net Pension Liability for the year ending September 30, 2026.

Amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Deferred (Inflows) and Deferred Outflows of Resources by Year (to Be Recognized in Future Pension Expenses)

Plan Year Ended December 31,	Amount
2025	\$14,552
2026	25,996
2027	(6,783)
2028	(431)
2029	-
Thereafter	-
Total	<u>\$33,334</u>

NOTE F – DEFINED BENEFIT PENSION PLAN (Continued):

Payable to Pension Plan

At September 30, 2025, the Cooperative reported a payable of \$0 for the outstanding amount of contributions to the pension plan required for the year ended September 30, 2025.

NOTE G – DEFINED CONTRIBUTION PENSION PLAN:

Effective June 1, 2018 the Cooperative entered into an agreement with the Municipal Employees' Retirement System of Michigan ("MERS") to administer a Defined Contribution Plan for the Cooperative's employees. All employees scheduled to work more than 15 hours per week and who are not defined as "temporary employees" under the Plan agreement are eligible to participate. Benefit terms, including contribution requirements for the Plan are established and may be amended by the Board of Directors of Superiorland Library Cooperative. The Cooperative is required to contribute 9 percent of all reportable compensation while employees are not required to make any contributions. For the year ended September 30, 2025 the Cooperative recognized pension expense of \$33,466.

Employees become vested in the Plan after 3 years of service with the Cooperative from the date of hire. One vesting year is earned for each 12 months of continuous services. Employees are eligible for retirement under the Plan at age 65.

At September 30, 2025, the Cooperative reported a payable of \$0 for the outstanding amount of contributions to the pension plan required for the year ended September 30, 2025.

NOTE H – DEFERRED COMPENSATION PLAN:

The Cooperative offers its employees a deferred compensation plan created in accordance with Section 457 of the Internal Revenue Code. The Plan, available to all employees, permits them to defer a portion of their current salary until future years. The deferred compensation is not available to the employees until termination, retirement, death or unforeseeable emergency. The amounts deferred under the Plan are held in a trust for the exclusive benefit of plan participants and their beneficiaries. The Plan's participants have the right to designate how the funds will be invested. Therefore, the Cooperative has no liability for losses under the plans.

NOTE I – REVENUES:

The Cooperative receives its revenues from Federal and State governments in the form of grants-in-aid. The Cooperative also received State support for local member libraries based on population and square miles of areas covered.

NOTE J – SINGLE AUDIT:

The Cooperative's audited financial statements report a total of \$0 in federal expenditures. As the amount is less than the single audit threshold of \$1,000,000 an audit in accordance with the Uniform Guidance is not required.

NOTE K – NEW GASB STANDARDS:

Management of the Cooperative has reviewed the following pronouncements released by the Governmental Accounting Standards Board (GASB) that are effective in the current fiscal year for applicability. Pronouncements deemed applicable to the Cooperative by management are described below in *Recently Issued and Adopted Accounting Pronouncements*; pronouncements not applicable are described in *Other Recently Issued Accounting Pronouncements*.

Recently Issued and Adopted Accounting Pronouncements

In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. GASB 101 is built on the unified recognition and measurement model that will result in a liability for compensated absences that more appropriately reflects when a government incurs an obligation. In addition, the model can be applied consistently to any type of compensated absence and will eliminate potential comparability issues between governments that offer different types of leave. The model also will result in a more robust estimate of the amount of compensated absences that a government will pay or settle, which will enhance the relevance and reliability of information about the liability for compensated absences. This statement is effective for periods beginning after December 15, 2023. The Cooperative does have activities that meet the criteria for GASB 101; therefore, this statement is applicable to the Cooperative. Accordingly, as enumerated upon in Note D, the Cooperative did not restate beginning net position for adopting the change in accounting principle due to the change not being material to the financial statements.

Other Recently Issued Accounting Pronouncements

In December 2023, the GASB issued Statement No. 102, *Certain Risk Disclosures*. GASB 102 is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This Statement defines a *concentration* as a lack of diversity related to an aspect of a significant inflow of resources or outflow of resources. A *constraint* is a limitation imposed on a government by an external party or by formal action of the government's highest level of decision-making authority. This Statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. The requirements of this Statement will improve financial reporting by providing users of financial statements with essential information that currently is not often provided. This statement is effective for periods beginning after June 15, 2024. The Cooperative does not have activities that meet the criteria for GASB 102; therefore, this statement is not applicable to the Cooperative.

NOTE L – UNEARNED REVENUE:

Victoria Wolf Estate Bequest

The U.P Library for the Blind, which is operated by the Superiorland Library Cooperative, was one of the beneficiaries of the estate of Victoria E. Wolf, a former U.P. Library for the Blind patron. When the Cooperative received the disbursement from the estate it was deposited into a CD and recorded as deferred revenue in the financial statements. During the current fiscal year, the Cooperative did not receive any additional disbursements from the estate. As of September 30, 2025, unearned revenue related to the bequest totaled \$52,720.

NOTE L – UNEARNED REVENUE (Continued):

Eunice Vandecaveye Bequest

During the current fiscal year, the Cooperative received a bequest distribution in the amount of \$146,102. The distribution has been recorded as deferred revenue until the Cooperative has plans to spend it. As of September 30, 2025, unearned revenue related to the bequest totaled \$146,102.

Library Deposit Accounts

As of September 30, 2025, the Cooperative held \$324 in unearned revenue related to deposits from various member libraries.

COMPLIANCE SECTION

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS

To the Board of Directors of the
Superiorland Library Cooperative
1615 Presque Isle Avenue
Marquette, Michigan 49855

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Cooperative, as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the Cooperative's basic financial statements and have issued our report thereon dated March 26, 2026.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Cooperative's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Cooperative's internal control. Accordingly, we do not express an opinion on the effectiveness of the Cooperative's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying Report to Management that we consider to be significant deficiencies item 2025-001.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Cooperative's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The Cooperative's Response to Findings

Government Auditing Standards require the auditor to perform limited procedures on the Cooperative's response to the findings identified in our audit and described in the accompanying Corrective Action Plan. The Cooperative's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Certified Public Accountants

March 26, 2026

COMMUNICATIONS SECTION

Superiorland Library Cooperative
Report to Management
For the Year Ended September 30, 2025

To the Board of Directors and Management of the
Superiorland Library Cooperative
1615 Presque Isle Avenue
Marquette, Michigan 49855

In planning and performing our audit of the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Superiorland Library Cooperative (the Cooperative) as of and for the year ended September 30, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered the Cooperative's system of internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Cooperative's internal control. Accordingly, we do not express an opinion on the effectiveness of the Cooperative's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in internal control to be significant deficiencies:

SIGNIFICANT DEFICIENCIES

2025-001 SEGREGATION OF DUTIES (REPEAT)

Condition/Criteria: The size of the Cooperative's accounting and administrative staff precludes certain internal design controls that would be preferred if the office staff were large enough to provide optimum segregation of duties.

Cause of Condition: Smaller organizations, due to limited resources, are generally more sensitive to the cost of implementing these design controls and often have compensating controls to partially mitigate this deficiency.

Effect: The segregation of duties is less than optimal due to the size of the organization and could allow for a misstatement to be overlooked by management.

Recommendation: These control deficiencies can be overcome by reviewing major account reconciliations, involvement in certain cycles of operation, and financial oversight of the Cooperative's financial affairs by the Board of Directors.

Management Response-Corrective Action Plan:

- Contact Person(s) Responsible for Correction:
 - Director and Board of Directors
- Corrective Action Planned:
 - See separate Corrective Action Plan
- Anticipated Completion Date:
 - Not applicable

The Cooperative's written response to the significant deficiencies identified in our audit has not been subjected to the audit procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

This communication is intended solely for the information and use of management, the Board of Directors, and others within the organization, and is not intended to be and should not be used by anyone other than these specified parties.

March 26, 2026

Superiorland Library Cooperative
Communication with Those Charged with Governance
For the Year Ended September 30, 2025

March 26, 2026

To the Board of Directors of the
Superiorland Library Cooperative
1615 Presque Isle Avenue
Marquette, Michigan 49855

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Superiorland Library Cooperative (the Cooperative) for the year ended September 30, 2025. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards (and, if applicable, *Government Auditing Standards* and the Uniform Guidance), as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 15, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Cooperative are described in the notes to the financial statements. As described in Note K to the financial statements, the Cooperative changed accounting policies related to Compensated Absences by adopting Statement of Governmental Accounting Standards (GASB Statement) No. 101, Compensated Absences, in fiscal year 2025. The cumulative effect of the accounting change was not material and, accordingly, no restatement of the beginning balance was deemed necessary. We noted no transactions entered into by the Cooperative during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Cooperative's financial statements were:

Management's estimate of the accumulated depreciation and depreciation expense is based on historical cost and estimated useful life. We evaluated the

methods, assumptions, and data used to develop the accumulated depreciation and depreciation expense in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the accrued sick and vacation is based on employee pay rates, historical usage, and the various subsidiary ledgers maintained for hour balances. We evaluated the methods, assumptions, and data used to develop the accrued employee benefit balances in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the Cooperative's Net Pension Liability is based on an actuarial performed for the Municipal Employees' Retirement System of Michigan to determine its liability. We evaluated the methods, assumptions, and data used to develop the Cooperative's Net Pension Liability, based on information provided by the GRS Retirement Plan Services, in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of the Cooperative's Defined Benefit Pension Plan includes significant actuarial assumptions used in calculating the valuation. GRS Retirement Plan Services was the actuarial company hired by the Retirement Board of the Municipal Employees' Retirement System of Michigan (MERS) for preparation of the annual actuarial valuation. A full listing of the actuarial assumptions used can be found MERS' Comprehensive Annual Financial Report of the Fiscal Year Ended December 31, 2024.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation dated March 26, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Cooperative’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Cooperative’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Our consideration of internal control was for the limited purpose described in a separate letter and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying Report to Management that we consider to be significant deficiencies item 2025-001.

Upcoming Changes in Accounting Standards

The Governmental Accounting Standards Board (GASB) has recently released new standards that may be applicable to the Cooperative in the future. We encourage management to review the information included in the Attachment and determine which standard(s) may be applicable to the Cooperative.

Other Matters

We applied certain limited procedures to required supplementary information, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on other supplementary information, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally

Board of Directors of the
Superiorland Library Cooperative

accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the use of the Board of Directors and management of Superiorland Library Cooperative and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Anderson, Tackman & Company, PLLC
Certified Public Accountants

ATTACHMENT – UPCOMING GASB STANDARDS
For the Year Ended September 30, 2025

The Governmental Accounting Standards Board (the Board) routinely issues pronouncements to enhance accounting and financial reporting. Below are synopses of currently issued standards that may be applicable to the Cooperative in the future. More information related to these standards can be found at www.gasb.org including full copies of the standards along with implementation guides and technical bulletins. We encourage management to review the following pronouncements to determine which standard(s) may be applicable to the Cooperative.

GASB 103: Financial Reporting Model Improvements
Effective for fiscal years beginning after June 15, 2025 (Cooperative's fiscal year 2026)

The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues.

This Statement requires that the information presented in MD&A be limited to the related topics discussed in five sections: (1) Overview of the Financial Statements, (2) Financial Summary, (3) Detailed Analyses, (4) Significant Capital Asset and Long-Term Financing Activity, and (5) Currently Known Facts, Decisions, or Conditions. The Statement stresses that the detailed analyses should explain why balances and results of operations changed rather than simply presenting the amounts or percentages by which they changed and avoid "boilerplate" discussions. The requirements for MD&A will improve the quality of the analysis of changes from the prior year, which will enhance the relevance of that information. They also will provide clarity regarding what information should be presented in MD&A.

This Statement describes unusual or infrequent items as transactions and other events that are either unusual in nature or infrequent in occurrence. Furthermore, governments are required to display the inflows and outflows related to each unusual or infrequent item separately as the last presented flow(s) of resources prior to the net change in resource flows in the government-wide, governmental fund, and proprietary fund statements of resource flows. The requirements for the separate presentation of unusual or infrequent items will provide clarity regarding which items should be reported separately from other inflows and outflows of resources.

This Statement requires that the proprietary fund statement of revenues, expenses, and changes in fund net position continue to distinguish between operating and nonoperating revenues and expenses. Operating revenues and expenses are defined as revenues and expenses other than nonoperating revenues and expenses. Nonoperating revenues and expenses are defined as (1) subsidies received and provided, (2) contributions to permanent and term endowments, (3) revenues and expenses related to financing, (4) resources from the disposal of capital assets and inventory, and (5) investment income and expenses. In addition to the subtotals currently required in a proprietary fund statement of revenues, expenses, and changes in fund net position, this Statement requires that a subtotal for operating income (loss) and noncapital subsidies be presented before reporting other nonoperating revenues and expenses. The definitions of operating revenues and expenses and of nonoperating revenues and expenses will replace accounting policies that vary from government to government, thereby improving comparability. The addition of a subtotal for operating income (loss) and noncapital subsidies will improve the relevance of information provided in the proprietary fund statement of revenues, expenses, and changes in fund net position.

This Statement requires governments to present each major component unit separately in the reporting entity's statement of net position and statement of activities if it does not reduce the readability of the statements. If the readability of those statements would be reduced, combining statements of major component units should be presented after the fund financial statements. The requirement for presentation of major component unit information will improve comparability.

This Statement requires governments to present budgetary comparison information using a single method of communication—RSI. Governments also are required to present (1) variances between original and final budget amounts and (2) variances between final budget and actual amounts. An explanation of significant variances is required to be presented in notes to RSI. The requirement that budgetary comparison information be presented as RSI will improve comparability, and the inclusion of the specified variances and the explanations of significant variances will provide more useful information for making decisions and assessing accountability.

We expect this standard to have a significant effect on the presentation of the Cooperative's financial statements.

GASB 104: Disclosure of Certain Capital Assets

Effective for fiscal years beginning after June 15, 2025 (Cooperative's fiscal year 2026)

The objective of this Statement is to provide detailed information about capital assets in notes to financial statements by requiring certain capital assets to be presented by major class. This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, *Leases*, and intangible right-to-use assets recognized in accordance with Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, should be disclosed separately by major class of underlying asset in the capital assets note disclosures. Subscription assets recognized in accordance with Statement No. 96, *Subscription-Based Information Technology Arrangements*, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class. This Statement also requires additional disclosures for capital assets held for sale.

We expect this standard to have a significant effect on the presentation of the Cooperative's financial statements.

GASB 105: Subsequent Events

Effective for fiscal years beginning after June 15, 2026 (Cooperative's fiscal year 2027)

The objective of this Statement is to improve the financial reporting requirements for subsequent to better meet the informational needs of the financial statement users by enhancing consistency in the application of subsequent events.

Under this Statement, a subsequent event is defined as a transaction or event that occurs after the date of the financial statements but before the date the financial statements are available to be issued. This statement improves financial reporting by (1) clarifying the subsequent event time frame and the subsequent events that constitute recognized and nonrecognized events and (2) specifying the information items that are required to be disclosed about subsequent events.

We do not expect this standard to have a significant effect on the presentation of the Cooperative's financial statements.

Corrective Action Plan
For the Year Ended September 30, 2025

March 26, 2026

In response to the findings disclosed in the audited financial statements for the year ended September 30, 2025:

2025-001 SEGREGATION OF DUTIES (REPEAT)

Corrective Action Plan:

The Cooperative is aware of this deficiency and believes smaller organizations, due to limited resources, are generally more sensitive to the cost of implementing these design controls and often have compensating controls to partially mitigate this deficiency. The Cooperative's Board of Directors closely monitors all payments and reviews the financial statements on a monthly basis. We do not foresee the need for any changes to this procedure at this time.
